

Blessed & Dressed

First Sample Specification Sheet — Prepared for Yamamoto EXCY · August 2026 · Page 1 of 2

Sample A — Two-Piece Suit

Base: partner factory's existing pattern, standard size 40R (US) / EU 50 equivalent. Target finished measurements below are for reference and will be confirmed against the factory's size chart. Standard block proportions; no custom adjustments for this sample.

Fabric & Trims

Shell fabric	Navy worsted wool, Super 110s–120s, plain weave or subtle twill, approx. 240–280 g/m. Please propose available options from your side.
Canvas	Full canvas preferred; half canvas acceptable if full canvas is not available at the selected factory.
Lining	Quality viscose/cupro body lining, navy or midnight tone; sleeves lined.
Buttons	Dark horn or quality horn-effect, matched to shell.
Brand label	None for this sample (or factory placeholder). Woven labels supplied before production.

Jacket Construction

Front	Single-breasted, two-button
Lapel	Notch lapel, medium width, pick stitching (AMF) on lapel and collar edges
Vents	Double side vents
Pockets	Flap hip pockets; welt breast pocket
Sleeves	Four-button functional buttonholes (surgeon cuffs)
Shoulder	Factory's standard structured shoulder for this block

Trouser Construction

Front	Plain front (no pleats)
Waistband	Extended waistband closure with hook; half-lined to the knee
Pockets	Slanted side pockets; two rear pockets, buttoned
Hem	Plain hem, unfinished length acceptable if easier (we will confirm)

Target Finished Measurements — 40R

Measurement point	Target finished (cm)	(inches)
Jacket — chest (circumference)	108	42.5
Jacket — waist	100	39.4
Jacket — shoulder width	45.5	17.9
Jacket — sleeve length	62	24.4
Jacket — back length (BNP to hem)	74	29.1
Trouser — waist	86	33.9

Trouser — seat	106	41.7
Trouser — rise (front)	27	10.6
Trouser — inseam	78	30.7
Trouser — leg opening (circumference)	38	15.0

Tolerance: ± 1.0 cm on lengths and circumferences, ± 0.5 cm on shoulder and collar points. Where the factory's 40R block differs, the block takes precedence for this sample — please send us the block's finished size chart.

Blessed & Dressed

First Sample Specification Sheet — Prepared for Yamamoto EXCY · August 2026 · Page 2 of 2

Sample B — Dress Shirt

Base: partner factory's existing pattern, standard size neck 40 cm (15.75 in). Target finished measurements below are for reference and will be confirmed against the factory's size chart.

Fabric & Trims

Shell fabric	White cotton poplin, two-ply, approx. 100s (100/2), crisp hand. Please propose available options.
Buttons	Mother-of-pearl or quality MOP-effect, cross-stitched
Interlining	Fused or sewn collar/cuff interlining per factory standard — please state which
Brand label	None for this sample (or factory placeholder)

Construction

Collar	Semi-spread, removable stays if standard
Cuffs	Rounded barrel cuffs, single button
Front	Standard front placket
Pocket	No chest pocket
Back	Factory standard yoke; darts or box pleat per block standard — please state which
Seams	Single-needle stitching preferred; please state stitch density (stitches per 3 cm)

Target Finished Measurements — Neck 40 cm

Measurement point	Target finished (cm)	(inches)
Collar (buttoned, inside)	40	15.75
Chest (circumference)	112	44.1
Waist	102	40.2
Shoulder width	46	18.1
Sleeve length (CB to cuff edge)	84	33.1
Cuff (circumference, buttoned)	24	9.4
Back length (BNP to hem)	78	30.7

Tolerance: ± 0.5 cm collar and cuff, ± 1.0 cm elsewhere. Where the factory's block differs, the block takes precedence for this sample — please send us the block's finished size chart.

Notes for both samples

Purpose	Evaluate sewing quality, construction and finishing before discussing an ongoing MTM program.
Measurements in production	Client measurements are taken in person by Blessed & Dressed during private consultations (full body measurements and garment measurements). Each order will arrive as a per-order spec sheet (PDF/spreadsheet; CSV also possible).

Shipping

FedEx/DHL to the United States (Louisiana, ZIP 71234 area); exact address confirmed at order.
